

St Patrick's Maple Ridge  
PEC  
January 2021

Dear Parents and Families,

On behalf of the Parish Education Committee (PEC) I wish to thank you for being part of or considering St Patrick's School.

The Parish Education Committee represents the parish in working alongside our parish pastor and the school's staff and leadership, in ensuring that our children are cared for in receiving and experiencing high level education in the Catholic tradition.

The mission of the Church, and our parish, is to bring all people to an encounter with the love of God the Father through Jesus Christ. St Patrick's School as part of the parish community is committed to loving Jesus through its activities and commitment to prayer and the sacraments.

Over the last year we have experienced the pandemic directly and indirectly. Our school staff and our community have been heroic in responding to the ever changing circumstances. You can be assured that moving forward, we will continue to serve our children and families with love and through prayer.

As you consider your children's education for the upcoming year, please be assured of the PEC's commitment to leading and assisting Mrs Fonseca and Fr Matthew, in making St Patrick's School the very best it can be.

Sincerely,

A handwritten signature in blue ink that reads 'Eric Chow'. The signature is fluid and cursive, with the first letters of 'Eric' and 'Chow' being capitalized and prominent.

Eric Chow  
PEC Chairperson
